

New Industries in the South

CHATTANOOGA, TENN. December 1.—The new industries established in the Southern States during the week ending today are shown by the attached list reported to the Trade-Union through authentic channels. The list does not include the large number of small industries which, in the aggregate, are a very considerable item in the progress of the South. A study of the week's new investments will give a fair idea of the work being carried forward in development of mineral and timber interests, the manufacture of cotton and other textile products, the construction of large development companies and the diverse lines in which this section is being so strenuously exploited. It is an early winter of aggression, with indications of a very busy season in which large undertakings will figure conspicuously.

The Tradesman's list for the week is as follows:

ALABAMA.
Hillman's Store—\$20,000 lumber mill.
Birmingham—\$20,000 lumber company.
GEORGIA.
Atlanta—\$80,000 mining company; \$50,000 wheel factory; mining company; \$20,000 leather company.

President. The First Bank of Nottulsa, Ala.; paid capital, \$200,000. W. E. Holloway, president; W. J. Bridges, vice-president; C. R. Mullin, cashier. The Glynn County Bank of Brunswick, Ga.; J. J. Lett, president; J. L. Allen, vice-president and cashier; to commence business January 10th. The Bank of Hazlehurst, Ga.; capital, \$25,000. John W. Hinson, president; John P. Hall and T. H. Weatherly, vice-presidents. The Farmers & Merchants' Bank of Newton, N. C.; capital, \$50,000; J. H. Yount, president; L. H. Phillips, cashier; to commence business January 1st. The Bank of Blacksville, S. C.; capital, \$50,000; applied for a charter.

Miscellaneous.—The First National Bank of Whitman, S. C., will become William Coleman & Co., in January; the Realty Bank of Richmond, Va., has been succeeded by the Commonwealth Bank; the Trust Company of West Virginia, Elkins, W. Va., has changed its name to the Davis Trust Company.

HENDERSON GROWING.

Many Buildings Erected During Present Year.

(Special to The Times-Dispatch.)
HENDERSON, Va., December 1.—Work on the new opera building, located near the Southern depot, is nearing completion, and will be finished about the 10th of December. The opening performance will be given on the 21st of December. The building will be equipped with the modern improvements and has a seating capacity for eight hundred people.

Mrs. John H. Tucker has sold one of her lots fronting Garrett Street to the Federal Government for the sum of \$7,000, on which will be erected a handsome post-office building in the near future.

There has been more buildings erected in Henderson during the present year than at any period in its history. The population of the town, including the mill villages, number about nine thousand.

There will be marketed in this town about as many bales of cotton as there was last year, but the quality is inferior to last year's crop. Cotton and tobacco are coming in freely, and prices are fair for the quality sold.

MONEY FOR STATE.

Corporations Pay Large Sums Into the Treasury.

The Treasury of Virginia was enriched somewhat yesterday with money coming direct from the corporations of the State. The Chesapeake and Ohio Railway Company paid in \$157,324.50, the amount of State taxes assessed for the year 1906. The company paid last year \$141,503.00.

The increase is due to increased assessments. Other corporations paying up their taxes yesterday were the Bell Telephone Company, \$15,918.36; other telephone companies, \$20,000; steamboat lines, \$5,000.

RADFORD WATER POWER.

Company Reorganized and Improvements to Be Made.

(Special to The Times-Dispatch.)
RADFORD, Va., December 1.—The reorganization of the Radford Water Power Company has been perfected, and the following officers and directors have been elected: President, J. L. Vaughan; Secretary, J. A. Ralston; Treasurer, W. W. Carr; General Manager, J. R. Vaughan. Directors, the above-named officers, together with ex-Governor J. Hoge Tyler.

All of the outstanding indebtedness of the company has been canceled, except the bonds, and ample capital has been placed in the treasury to enable the company to make such improvements as are deemed advisable. As soon as new cars and machinery can be purchased and installed the town will have an up-to-date system.

In the early spring the car line will be extended from First to Eighth Streets, going by way of the fair grounds, an improvement to which the town people have long looked forward.

Mr. W. F. Howard has sold the remainder of his farm in Pulaski county to A. R. Hall and J. P. Fiser. A part of it he recently sold to L. R. Bert, the whole farm bringing \$10,000, though less than a hundred acres.

Real Estate Active.
(Special to The Times-Dispatch.)
WYTHEVILLE, Va., December 1.—There has been great activity in the real estate market in and around Wytheville within the past two weeks. Among the places that have changed hands are the three places, one mile north of town, sold by Professor Bohannon of Columbus, Ohio, to M. J. Swecker, the price paid being \$11,000; the Rich farm, one mile west of town, for the sum of \$1,200, and several thousand acres of mountain land in the Valley of the Mountain and in Fogle's Valley, in the West End of the county, to W. S. Berger, of Cumberland, Md., the price being about \$50,000.

The largest item of collections was \$275,100.62 from capital stock tax. The payments from the Treasury during the year were \$28,977.97, and at the close of business for the month of November to-day there was \$4,825,622.18 in the general fund, and \$2,614,294.74 in the sinking fund.

ACTIVITY IN BANKING.
New Financial Institutions Started in Several States.

Activity in banking circles in Southern States is shown by the weekly report of the local branch of E. G. Dun & Co., as follows:

Application to Organize—The Vicksburg National Bank, Vicksburg, Miss.; capital, \$25,000; application filed by A. B. Vickers.

New State Banks, Private Banks and Trust Companies—The Bank of Auburn, Ala.; capital, \$25,000; W. E. Holloway, president.

The German Imperial Department of the Interior invites German exporters to call at its office in Berlin in order to receive information and study the reports on the German market, published by special agents' reports by the United States Department of Commerce and Labor, in invitation notice, as to estimate the adverse effects of said tariff and treaty measures.

The management of the Lloyd Brazilian, the steamship company which has just inaugurated a new monthly passenger and freight service between Brazilian ports and New York, professes itself very well satisfied with the success attending its efforts so far. Consul-General G. E. Anderson, remarks that the manner in which the new service has lifted the freight situation in Rio de Janeiro is somewhat significant.

The buyer of a firm at Singapore, which was formerly an extensive importer of American manufactured goods, is quoted by Consul-General Wilber as saying that his orders to the United States were four years ago, simply because he had to wait eight to twelve months for American goods, particularly for machinery. With the high freight rates from the United States and the indifference of American manufacturers, Mr. Wilber says "there was no difficulty, not only in introducing new lines, but in holding our own on lines already established."

Industrial Notes.
The banks of Pittsburgh reveal the industrial activity there by the statement that the pay-roll requirements for Allegheny county are \$300,000 a month.

American exporters are now afforded a good opportunity to reach neglected Greek markets. Consul-General Horton reports from Athens that steamers of the Austro-American line are now running direct between Piræus and New York.

Consul-General Guenther reports that the German government has sent out circular instructions to consuls of commerce and officials to investigate and report on branch manufacturers established by German firms in foreign countries since the new tariff and trade treaties have been in operation, so as to estimate the adverse effects of said tariff and treaty measures.

Auction Sales—Monday.

By Green & Reed, Real Estate Auctioneers.

TRUSTEE'S AUCTION SALE

OF THAT WELL KNOWN DESIRABLE BRICK STORE AND DWELLING, No. 75 NORTH SEVENTEENTH STREET, WITH FRAME SHED.

No. 75 N. SEVENTEENTH STREET.

By virtue of a certain deed of trust, dated May 2nd, 1904, and recorded in the Richmond Chancery Court, clerk's office, in D. B. 1904, page 96, default having been made in the payment of the debt secured thereby, and having been required by the beneficiary therein to do so, the undersigned Trustee will on

MONDAY, 3D DECEMBER, at 4:30 o'clock P. M., on the premises, proceed to sell at public auction, the property conveyed therein, All that parcel of land, with all improvements thereon, beginning at the intersection of the east side of Seventeenth Street with the south side of Washington Street, thence extending southwardly along the east side of Seventeenth Street, and fronting thereon forty-three (43) feet, and extending back easterly from said front between Washington Street and the said east side of Washington Street one hundred (100) feet, more or less.

There is a valuable building on the said east side of Washington Street, and being a corner makes it very desirable, the present occupant having been there for a number of years.

TERMS: All cash, except the amounts to become due under the deed, viz: One principal note for \$1,000, to become due May 2nd, 1909, and ten (10) interest payments of \$12.50 each, to become due every three months; the first one to become due February 2nd, 1907. All amounts to be secured by a deed of trust on the property.

B. C. WHERRY, Trustee.
